A DVD recording will be played at each session, followed by time for the sharing of thoughts and impressions. The content will be as follows :

### **Session 1 on 4 March : FAITH UNDER STRESS – THE ELIZABETHAN ERA**

A historical view of Catholic life in Lancashire at the time of the Reformation.

### **Sessions 2 & 3 on 11 & 18 March : A GLIMPSE OF HEAVEN**

The story of how the Catholic Church in England survived after the Reformation, seen through the lens of the developing architecture of churches. From the late 18<sup>th</sup> century onwards, there was an explosion of church building which continued for 200 years. It ranged from the imperious Gothic of Pugin to the Byzantine magnificence of Westminster Cathedral, or from a simple village church in Cumberland to the modernism of our own cathedral. The story ends with a triumphant return to the Classical style at Brentwood Cathedral : the last important Catholic commission in Britain.
